IT'S EASY TO DIAL GENERAL INSTRUCTIONS

FIRST

CONSULT YOUR DIRECTORY

If the number is not listed, call information for the number and jot it down.

SECOND

LISTEN FOR DIAL TONE

(On party line press Hook Latch Button)

A steady humming sound, indicating that the equipment is ready for your call. If you do not hear the dial tone within a few seconds, hang up, wait a moment, then try again.

THIRD

WHEN YOU DIAL

Keep the receiver **OFF THE HOOK**. Select the desired number; pull the dial around until your finger hits the metal stop. Each time, remove your finger and let the dial return by itself **WITHOUT TOUCHING IT**. If your finger slips or you make a mistake, hang up, wait a moment, listen for dial tone, then dial again.

FOURTH

AFTER YOU DIAL — LISTEN FOR SIGNALS

1. Ringing - soft intermittent burr-r-r.
2. Busy tone - a buzz-buzz-buzz.
3. No such number - a recorded announcement. If you get this, hang up and consult your Directory.
4. Wait, and let the called telephone ring at least a minute for the called party to answer.
5. Always replace the receiver promptly and properly after completing your call. This keeps your telephone ready for action. If your receiver is left off the hook - your own and all other telephones on your line will be put out of order.

6. ASSIST CALLS AND SERVICE DIFFICULTIES

If for any reason you are unable to dial or if you encounter difficulties, dial **OPERATOR**. Operators are always on duty to assist you.

LOCAL CALLS

The full telephone number (336 and four figures) listed opposite your name is your correct number and should be used on all stationery or advertising, and in placing or receiving long distance calls.

For local calls you may dial only the last **FIVE FIGURES**, for example to call 336-7272 you may dial 336-7272 or just 6-7272.

WANT TO CALL ANOTHER PARTY ON YOUR LINE?

DIAL the NUMBER LISTED in your directory. After you have dialed the number the BUSY SIGNAL will be heard. Replace receiver for a moment then remove and listen for other party to answer. When other party answers press hook latch button promptly and talk. If called party does not answer press hook latch button to stop the ringing and then replace receiver.

WHEN YOU'RE CALLING FROM A PARTY LINE

1. Listen before starting to dial.
2. If the line is in use, hang up gently and call again later.
3. If your dialing is interrupted by another party coming to the line, say, "the line is in use," when the other party hangs up, replace your receiver for a moment and begin all over again.

How To Place A Long Distance Call

After Reaching the Long Distance Operator

FIRST: On Station-to-Station calls, when you wish to speak with ANYONE who answers at the called telephone, give the operator the area code and telephone number you wish to call, if you know them.

With this type of service, charges begin when the called telephone answers. On Person-to-Person calls, give the number and the name of the particular person, or department, with whom you wish to speak.

With this type of service, charges begin when the specified person, department or extension answers, and are somewhat higher than Station-to-Station calls.

SECOND: When the operator asks for it, give the telephone number from which you are calling.

Night and Sunday Rates

Low night rates are in effect from 6 p.m. to 4.30 a.m. week-days and all day Sunday, except on calls to nearby points. The time in effect at the centre where the call originates, determines the rate which applies.

In Ontario and Quebec, night rates apply on Station-to-Station calls only. See inside front cover for details on "Night — Economy Plan."

Reversal of Charges

If you wish to reverse the charges on a Long Distance call, tell the operator as you are placing the call.

Charges on Calls

If you require charges on Long Distance calls, you must make request while placing call.
